Asset Forfeiture Fund. Established as required by the Commonwealth of Virginia, this fund monitors the receipts of assets seized as a result of police investigations of criminal activity. The seizure of assets is a civil forfeiture based upon probable cause. Upon judicial action authorizing such seizure, the asset is remitted to the Commonwealth of Virginia. The State is allocated a portion of the seizure and returns the balance to the respective locality to split between the Police Department, Commonwealth Attorney, Sheriff and other municipalities, if appropriate. The expenditure of these funds must be related to law enforcement purposes. It is not appropriate per the State Code to budget or anticipate revenues in this fund, therefore no budget has been sumbitted for FY 2004. Represented in the columns below are the respective allocations received from the State and allowable expenditures. Due to the delicate nature of these expenditures, they have not been itemized.

NOTE: This fund is included in FY 2004 for the first time and does not have an Adopted FY 2003 Budget.

Lynchburg Business Development Center Fund. This fund accounts for grant monies from the Economic Development Authority (EDA) awarded to The City of Lynchburg and passed on to the Business Development Center Federal Department of Commerce as a Sub-grantee. Its purpose is to account for the revolving loan activity of the Business Development Center and serves the Region 2000 Area by providing "gap" financing to businesses for projects that otherwise would not be eligible for full financing through traditional lenders. This program is similar in structure to the Small Business Administration (SBA) 504 Program that creates and/or retains jobs. For each \$10,000 the Business Development Center lends, the recipient must demonstrate the creation/retention of one job over a three-year period. The Center has made 25 loans since its inception in 1993. The Region 2000 area includes the cities of Lynchburg and Bedford, the towns of Altavista and Amherst, and the counties of Amherst, Appomattox, Bedford, and Campbell.

City / State / Federal Aid Fund Budget Description

The Proposed FY 2004 City / State / Federal Aid Fund budget of \$2,890,015 represents a 4.29% decrease of \$129,632 as compared to the Amended FY 2003 budget of \$3,019,647. The Amended FY 2003 budget includes appropriations from July 1, 2002 through December 31,2002.

The decrease is due primarily to the carry-forward of unexpended appropriations from the FY 2003 grant year. The inclusion of new grant programs as well as the cessation of grant programs will cause the budgets in this fund to fluctuate.

Commonwealth's Attorney Office Grants

Community Gun Violence Program. The Community Gun Violence Grant provides funding for two prosecutor positions within the Commonwealth Attorney's Office. The positions created through this program are to be dedicated to the prosecution of cases involving violent crimes with guns, violations of gun statutes involving drug trafficking, gang-related crimes, and any other felony and misdemeanor crimes where a firearm is involved. The U.S. Department of Justice provides funding for this grant.

Community Prosecutor Program. The Community Prosecutor Program provides funding to foster collaborative partnerships between the Commonwealth Attorney's Office and the community, whereby the authority of the prosecutor's office is used to solve problems, improve public safety, and enhance the quality of life of community members. As a grassroots approach to law enforcement, the Community Prosecutor Program utilizes traditional and non-traditional initiatives to work within a targeted community to prevent crime. The U.S. Department of Justice provides funding for this program.

Domestic Violence Grant. The Domestic Violence Grant funds specially trained prosecutors and investigators (the Domestic Violence Prosecution Unit) who are devoted to the aggressive investigation and prosecution of domestic violence cases. Initially formed in 1997, the Unit's main purpose is to hold those accountable who engage in acts of domestic violence, to ensure that victims of domestic violence receive information and support throughout the criminal justice process, and to work with other agencies in the community to promote a coordinated response to the problem of domestic violence. The U.S. Department of Justice's Violence Against Women Office administers the Domestic Violence Grant Program.

Victim/Witness Program. The Victim/Witness Program exists to ensure that crime victims and witnesses receive fair and compassionate treatment while participating in the criminal justice system. The primary goals of the program are to provide emotional support for victims and witnesses, information about the criminal justice process, and referrals for community services and practical aid. The Victim/Witness Program is funded through a grant administered by the Virginia Department of Criminal Justice Services.

Virginia Exile Program. The goal of the Virginia Exile program is to reduce gun violence in the community by targeting those individuals who commit crimes involving guns. Exile legislation strengthens the penalties for illegal use or possession of a firearm and keeps persons charged with these types of crimes in jail while they await trial. The Exile grant funds a full-time prosecutor and program assistant, who are responsible for the prosecution and management of all cases covered under the Exile statutes and the implementation of an Exile public awareness campaign. The Virginia Department of Criminal Justice Services provides funding for this program.

NOTE: The Domestic Violence Grant and Exile Grant are included in FY 2004 for the first time and do not have an Adopted FY 2003 Budget.

Fire Department Grants

Fire Programs. As a result of 1985 Virginia General Assembly legislative action, the Fire Programs Fund is administered by the Virginia Department of Fire Programs. This legislation, as amended, authorizes an annual assessment against all licensed insurance companies selling selected types of fire and fire-related insurance in the Commonwealth. The assessment is appropriated to localities in the Commonwealth on a per-capita basis for the purpose of improving fire service operations via expenditures for fire service training, fire prevention and public safety education programs, fire fighting equipment, protective clothing, etc.

Emergency Medical Services (EMS) Two for Life. Section 46.2-694 of the Code of Virginia provides for the collection of two dollars for the registration of each passenger vehicle, pickup and panel truck. Approximately 25% of the revenues are returned to the locality wherein such vehicles are registered. The funds are used to provide training for volunteer and/or salaried emergency medical service personnel and for purchases of necessary equipment/supplies.

NOTE: The Fire Programs and EMS Two for Life Grants are included in FY 2004 for the first time and do not have an FY 2003 Adopted Budget.

Social Services Grants

Destiny. Project Destiny is a therapeutic independent living project to address the needs of youth 16-21 years of age in the custody of Social Services with services and intensive therapeutic interventions to assist in the transition to independent living.

Energy Assistance. The Energy Assistance Program provides financial assistance toward meeting the needs of individuals who are determined to be eligible for primary fuel heating assistance based on income and resources.

Foster Parent Recruiting and Training. Primary focus is the retention of current foster/adoptive homes while adding new homes to meet the needs of the children. This grant also enables foster parents to receive more intensive therapeutic pre-service and in-service training as well as critical supportive services. Reduces Comprehensive Services Act (CSA) expenses by reducing the number of residential placements for the more difficult to place children.

Independent Living. Assists youth 16-21 years of age in the custody of Social Services in gaining the skills and confidence necessary to care for themselves upon emancipation. Services include educational assistance, vocational training activities, daily living skills, counseling, and coordination with other service providers, outreach services, and activities for youth.

Piedmont Regional Adoption Grant. The primary goal of this state grant is to maximize available resources to meet the growing needs and policy mandates that dictate the permanent placement of children in shorter time periods by continuing to increase a regional pool of assessed adoptive homes. Additional objectives are to increase community awareness and cooperative efforts; to identify and assess community resources to assist with special needs, placements; and to establish a post adoptive support network.

Quality Initiative Grant. The goal of this state grant is to provide enhancements to existing child care programs. Social Services will contract all of the funding to separate contractors to perform a wide variety of initiatives which include provider and child care center staff training, speech and hearing screenings, computer centers, and service enhancements such as art programs. The grant will also help fund purchase of toys and playground equipment. Funding will help centers meet state licensing mandates, such as installation of fence.

Respite. The Respite Care Grant, funded by the State provides respite care, training and activities for foster families and children residing in foster homes with the goal of preventing placement disruptions. The program is staffed by a part-time Respite Care Coordinator. Children in the custody of Social Services living in foster homes are eligible for up to 24 days of respite care per year with approved respite care providers.

Title XX. The Title XX Adult Services account was established to receive a 20% match from participating vendors who provide adult day care services to the elderly and disabled citizens who are recipients of the Adult Services Program. There is no local cost to the City for this program.

Welfare to Work. A comprehensive whole family focused program funded by the State that surrounds participants with a self-sufficiency, self-confident philosophy and supportive services to obtain this goal for each participant. The intent is to provide participants with all the necessary tools to live successfully without long term need to rely on public assistance.

NOTE: The Title XX Grant is included in FY 2004 for the first time and does not have an FY 2003 Adopted Budget.

Community Planning and Development Grants

Lead-based Paint Hazard Control Grant. The grant was received by the City to continue the Lead-Safe Lynchburg (LSL) Program. The project includes in-kind matching services from various private, governmental, and community-based organizations (CBOs). The program intends to reduce the incidence of lead poisoning and to make the older housing in Lynchburg lead-safe through affordable, cost-effective methods, while continuing to pursue three goals: education, intervention, and sustainability. Within the grant period, LSL will remediate lead-based paint hazards in 165 housing units throughout Lynchburg, concentrating on the area of highest risk – the central city. In addition, multiple services will be available to residents including education programs, family case management, and economic opportunities. The U.S. Department of Housing and Urban Development provides funding for this grant.

Rental Rehabilitation Program Income. The Rental Rehabilitation Program funds provide a cash matching contribution in accordance with Housing Opportunities Made Equal (HOME) or may be used for activities that would be eligible under other affordable housing activities.

Shelter Plus Care Grant. The goals of the Shelter Plus Care Grant are to identify homeless persons ready for permanent housing, and offer additional time, financial assistance and services to reinforce their own resources, skills and motivation to live independently and achieve self-sufficiency.

Local non-profit organizations coordinate this program for the City to provide Tenant-Based Rental Assistance to eligible homeless persons and/or households who are prepared to enter into permanent housing. Participation in the program is conditional on continuing appropriate services, such as counseling, medications, and rehabilitative programs. Services must be designed to meet the needs created by their disabilities and the circumstances leading to homeless. The U.S. Department of Housing and Urban Development provides funding for this grant.

Urban Development Action Grant (UDAG) Program Income. The program funds are received for repayment of UDAG loans. The funds are reprogrammed for eligible Community Development Block Grant (CDBG) activities.
